ABOUT US

Founded in 2006, JAGCON Group has been delivering professional services in Project Management, Engineering, Planning, Design Management, and Digital Engineering for over 18 years.

Our Mission is to provide unwavering support, technical expertise and dedicated personnel to provide the best possible outcome for our clients.

WHAT WE DO

We cater to a diverse array of clients across both private and public sectors, and provide a wide range of services which include **infrastructure, renewable energy, bridges, roads, major civil works, tunnelling, and major projects.**

Our expertise and commitment to excellence have positioned us as industry leaders, consistently delivering successful outcomes for complex and high-profile projects.

OUR VALUES

Integrity

Our integrity is built upon our respect, trust and accountability towards our people and our clients. Our integrity fosters logical and ethical decision making, a foundation of our professional approach.

We build reliable relationships and take pride and responsibility for our actions.

Excellence

We aim for excellence through the application of our experience.

Our expertise is built on years of infrastructure experience; agility, striving for success and consistently delivering quality results.

Safety & Wellbeing

We prioritise and empower our people to cultivate a safe and supportive workplace.

Our unwavering commitment to safety and wellbeing creates a thriving environment, reflected in our approach and results.

Collaboration

Our multidisciplinary team has industry-leading expertise spanning approvals, planning, design, delivery, drafting, ventilation and quality.

Our team are proven professionals who share your commitment to safe, environmentally responsible, cost-effective, constructable and efficient solutions.

OUR PEOPLE

JAGCON Group prides itself on having built a team of highly capable and well-rounded professionals. The excellence of our employees drives our ability to deliver outstanding results for our clients.

Our team members have worked in all facets of the project life-cycle, from **initial business case development and feasibility studies to pre-contract engineering, value engineering, tender development and submissions, project delivery, and completions.**

Our people have contributed to the successful delivery of significant projects across the **transport, infrastructure, mining, utilities, and energy sectors.**

OUR SERVICES

Advisory Services

JAGCON Group, with specialist experience across all Project Delivery and Project Development stages, is positioned to provide expert advice across the entire project lifecycle.

JAGCON Group has developed a team of the most trusted and experienced personnel from the construction industry. Our team is built of personnel from multidisciplinary backgrounds with expert knowledge and experience in project planning, concept, design, constructability and procurement.

JAGCON Group support and work with our clients across all facets of modern day projects; governance, technical, engineering and commercial with our dedicated personnel.

Our team is passionate and driven to deliver successful outcomes. The combined experience offered by JAGCON Group will ensure the successful outcome of any challenge.

COMPANIES WE WORK WITH

TESTIMONIALS

We've partnered with JAGCON for over 11 years, and their professionalism and expertise have consistently exceeded our expectations. Their team played a crucial role in the successful delivery of numerous projects, including Sydney Metro TSE, Sydney Metro NWRL, WestConnex M4E, and Sydney Metro Western Sydney Airport SBT. JAGCON's commitment to excellence, reliability, and client-centric approach sets them apart. Their unwavering support and innovative solutions have been instrumental in our projects' success. We highly recommend JAGCON as a trusted and capable partner.

Will Frelander,
Project Director

Working with JAGCON on the M7-M12 Interchange, Sydney Metro NWRL, Sydney Metro TSE, and WestConnex M4E projects was a pleasure. Their team members integrated seamlessly into our project teams, consistently delivering high quality results. JAGCON's personnel were instrumental in developing and delivering construction methods, programs, budgets and subcontractor management. We highly recommend JAGCON for their professionalism and support.

Steve Kotevich,
Construction Director

INTEGRATED MANAGEMENT SYSTEMS

JAS-ANZ

Our Quality, Environmental, & Safety Management Systems are certified to ISO standards by a JAS-ANZ accredited certification body.
